

Help struggling readers develop skills to read

Go from assessing to grouping to instruction with our suite of Phonics products designed to help students become successful readers.

The phonics products from 95 Percent Group meet the needs of students receiving Tier 2 instruction and help address the targeted gaps in their skills.

PHONICS

Let 95 Percent Group help you with your phonics needs.

From screening to grouping to instructing, our suite of Phonics products will help make successful readers from struggling ones.

For more detailed information on the products described in this brochure or on our professional development services, please call us or visit our website.

assessment

PSI™

Phonics Screener for Intervention™

Brief and easy to administer, the *PSI* assesses phonics skills, from basic to complex. Information from the *PSI* eliminates guessing and leads directly to Tier 2 and Tier 3 focused intervention instruction.

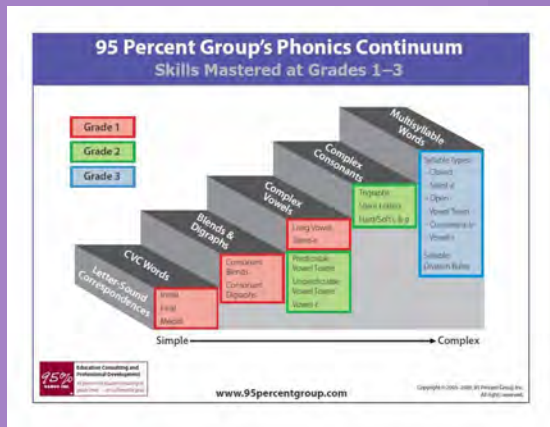

- Determine where to begin each student's intervention, to group students with similar needs, and to determine when to move students from one skill to another.
- Use with students in grade 1 and up who have poor reading accuracy.

Schools that license the *PSI* have access to all the scoring forms, student materials booklets, administration directions, and other forms.

Quick and easy to administer! Assess each student in about 10-15 minutes.

The image shows a stack of two forms. The top form is the 'Phonics Screener for Intervention™ (PSI™) Student Scoring Form A-1 - Basic Phonics Skills'. It includes fields for Student, Evaluator, and Date. The 'Part I: Basic Phonics Skills' section contains two skills: Skill 1 (Letter Names and Sounds) and Skill 2 (VC and CVC). Skill 1 includes a list of letters and their corresponding sounds. Skill 2 includes a list of words and their corresponding sounds. The bottom form is the 'Classroom Grouping Worksheet for Phonics Intervention'. It is a table with columns for 'Beginning Phonics Skills' (1-5) and 'Advanced Phonics Skills' (6-8), and a row for 'Student Name'. The table is designed to track student progress across different phonics skills.

Item# 5150
Small School License: \$350

Phonics Continuum, Item #5120, \$3

95 Percent Group's Phonics products align directly to our Phonics Continuum of skills. Early intervention is essential to help struggling readers develop the skills to read successfully.

instruction

PLL Phonics Lesson Library

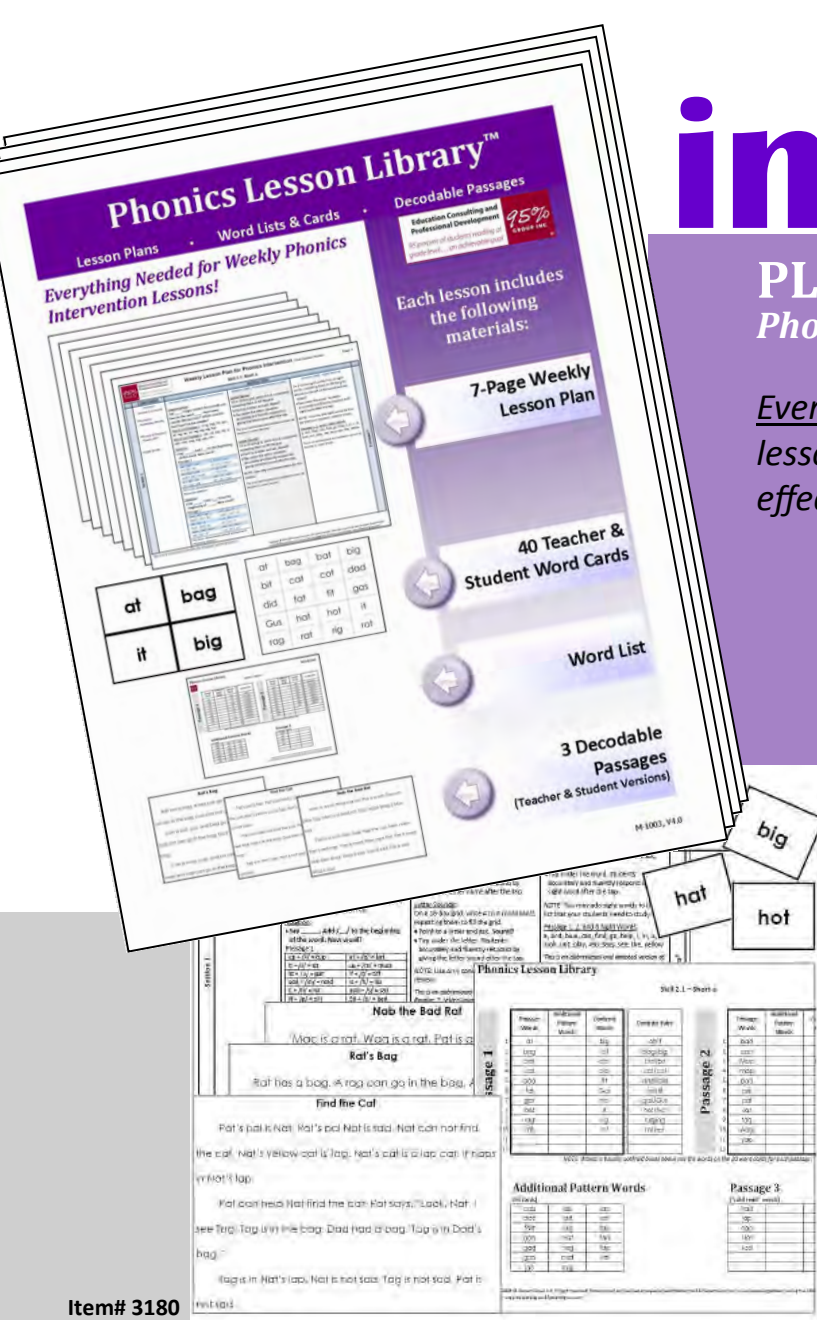

Everything needed for weekly phonics intervention lessons. Weekly lesson plans include all 6 steps for an effective phonics lesson:

- Review
- Teach a New Concept
- Read & Write Words
- Sentence Dictation
- Transfer to Text

The *PLL* is available in two formats: Online (annual license) or Printed.

PLL Online is available as an annual school site license and gives you access to the lessons from August through June of the school year. The *PLL* and related materials are available to the school for download and can be printed on demand as many times as you need during the term of the license.

The *PLL Printed* is a great option for schools that prefer not to print from the online files. Please be advised that the *PLL Printed* lessons and related materials are copyrighted and may not be reproduced.

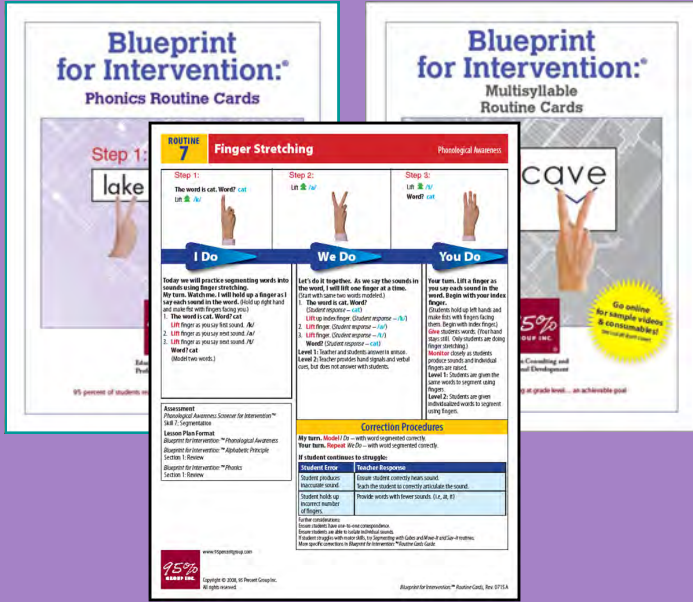

Item# 3180
Small School License: \$1,500
Small School License: \$2,500
Small School License: \$3,500

Manipulatives are available in three companion kits: *Phonics Chip Kit* (for *Basic*, *Advanced*, or *Multisyllable* skills). The *Phonics Lesson Library* lesson plans include graphic representations of how to use chips to model the sounds in a word on sound-spelling mapping paper.

Item# 3210, 3211, and 3212 Phonics Chip Kits
\$135 each

Instruction, cont.
